

Triumph™ Elm (*Ulmus* x ‘Morton Glossy’) is proving to be a winner with growers who appreciate its rapid, yet controlled growth. Selected by Dr. George Ware from a controlled cross of Vanguard™ and Accolade® Elms, it is resistant to diseases and pests including Dutch elm disease, elm yellows and elm leaf beetle. Liners in our Oregon fields have grown into magnificent five-inch caliper specimen trees at Tuckahoe Nurseries of New Jersey.
