

Oxydendrum arboreum

Sourwood

Height: 20' | **Spread:** 15'

Zone: 5

Shape: Pyramidal to rounded

Foliage: Dark green, glossy

Fall Color: Orange, scarlet

Flower: Creamy white, bell shaped

Creamy white, bell shaped flower clusters up to 10 inches in length smother the branches of this unique, slow-growing tree in mid-summer. A small tree whose light green, bronze tinted foliage turns brilliant orange and scarlet in the fall.

Trees are the Answer!
