

# Aurora<sup>®</sup> Dogwood

*Cornus* × 'Rutban'

**Zone:** 6  
**Height:** 24'  
**Spread:** 20'  
**Shape:** Upright spreading  
**Foliage:** Green  
**Fall Color:** Red  
**Flower:** White

**DISEASE RESISTANCE:**

Dogwood anthracnose and powdery mildew

Branches laden with broad, creamy white, overlapping flower bracts recommend this *C. kousa* × *C. florida* hybrid as one of the most showy of the Rutgers dogwoods. Growth habit is vigorous and upright.
