

# Golden Glory Cornelian Cherry

*Cornus mas* 'Golden Glory'

**Zone:** 4  
**Height:** 22'  
**Spread:** 18'  
**Shape:** Broadly oval  
**Foliage:** Glossy dark green  
**Fall Color:** Slight to reddish purple  
**Flower:** Small, bright yellow, in mass  
**Fruit:** Golden yellow, glossy, oblong, 5/8"

Featuring a more upright growth habit, glossier foliage, and brighter yellow flowers, this improved cultivar makes a more uniform and better looking specimen than the species.
