

Jack[®] Pear

Pyrus calleryana 'Jaczam'

Zone: 4
Height: 16'
Spread: 10'
Shape: Compact upright oval
Foliage: Dark green
Fall Color: Yellow
Flower: White

Tight and upright in form, this cultivar is ideal for narrow streets and planting beneath utility wires. Its dwarf growth rate results in a cultivar that matures at less than half the size typical of the species. Its density and upright habit give the unusual combination of a formal appearance in a low maintenance tree.
