

Scarlet Fire® Dogwood

Cornus 'Rutpink' PP 28311

Zone: 5
Height: 20'
Spread: 18'
Shape: Broadly oval
Foliage: Dark green
Fall Color: Maroon
Flower: Large bracts, deep pink to fuchsia
Fruit: Red, 1"

DISEASE RESISTANCE:

Dogwood anthracnose and powdery mildew

Dramatic fuchsia-pink blooms float atop dark green foliage in late spring and last for several weeks. Each bloom, formed by pointed bracts that do not overlap, resembles a four-pointed star. Leaves emerge with purple blush. Developed by Dr. Tom Molnar at Rutgers University.
