

Skinny Genes® Oak

Quercus x bimundorum 'JFS-KW2QX' PP 24442

Zone: 4
Height: 45'
Spread: 10'
Shape: Columnar, tightly fastigate
Foliage: Dark green, glossy
Fall Color: Yellow to tawny yellow

Columnar and fastigate in form, this hybrid of English x White Oak is the narrowest yet. Glossy, very dark green foliage is mildew resistant and clean through the summer months before turning yellow in autumn. A living exclamation point, this slender spire was selected from second-generation seedlings of a sister of Crimson Spire™.
