

Venus[®] Dogwood

Cornus (kousa × nuttallii) × kousa 'KN 30-8' PP 16309

Zone: 5b
Height: 25'
Spread: 20'
Shape: Upright oval
Foliage: Deep green
Fall Color: Red to purple-red
Flower: Very large, 6", creamy white
Fruit: Red orange, 3/4", sparse

DISEASE RESISTANCE:
Dogwood anthracnose and powdery mildew

This vigorous hybrid dogwood combines the huge flowers of the Pacific dogwood with the environmental tolerance of the Chinese dogwood. It has the largest bloom of any dogwood we have seen and is very floriferous and nearly sterile.
